How It Works:

Create an account by calling **1-800-835-2362** (TTY:1-800-877-8973) or by visiting www.Teladoc.com/IH. Then enter the required information, including your medical history, contact information for your primary care physician and your preferred pharmacy. When you request a consult, the doctor will review your medical profile before contacting you to discuss your health concerns. If necessary, the doctor may prescribe medication for your diagnosis. Prescriptions can be sent to your preferred pharmacy. We recommend that you allow a record of your consultation to be sent to your primary care physician, with whom you may be advised to see for follow-up care.
