At Independent Health, we’re dedicated to finding ways to help our members live healthier lives. Our Behavioral Health Case Management program provides case managers who partner with our members and their providers to make sure they’re getting the care they need.

**PROGRAM ELIGIBILITY REQUIREMENTS**

Independent Health’s Behavioral Health Case Management is a telephonic program available to help members who are dealing with a mental health and/or substance abuse problem or condition.

- You or a family member may be dealing with life stressors such as the death of a loved one, relationship conflicts, financial concerns, or job performance problems.
- You may be coping with a chronic medical condition, an addiction, or have been diagnosed with a mental illness or prescribed medications for a mental health condition.

The goal of this program is to improve your quality of life by providing information about behavioral health problems and treatment.

**THE SERVICES WE PROVIDE**

If you or a family member is dealing with a behavioral health problem consider contacting a case manager to inquire about the following services:
