

Western New York Pharmacies Offering Special Medication Packaging

Medications don't work for patients who don't take them. **It's important to take your medications properly and consistently.** Taking your medications as prescribed will help you receive the full benefit, minimizing chances the treated condition worsens and improving your opportunity for a healthy life.

Talk with your pharmacy to see what type of tools may be available to help you better manage your prescriptions. **Special medication packaging** is one tool some pharmacies offer, providing all of your medications together into organized pouches or containers by day of the week and/or time of day.

The following is a list of pharmacies in Western New York that offer special medication packaging:
