Important Notes

- Authorizations are valid for 60 days from the date of final determination.

- The Magellan Healthcare authorization number consists of eight or nine alpha/numeric characters.

- In some cases, you may instead receive a Magellan Healthcare tracking number (not the same as an authorization number) if your authorization request is not approved at the time of initial contact.

- You can use either number to track the status of the request on the RadMD Web site or via our Interactive Voice Response telephone system.

- For pre authorization complaints/appeals, please follow the instructions on your denial letter.

- Magellan Healthcare’s Clinical Guidelines can be found on Magellan Healthcare’s Web site, www.RadMD.com under Online Tools/Clinical Guidelines. Magellan Healthcare’s guidelines for the use of imaging procedures have been developed from practice experience, literature reviews, specialty criteria sets and empirical data.

- An authorization number is not a guarantee of payment. Whether the requested service is covered is subject to all of the terms and conditions of the member’s benefit plan, including but not limited to, member eligibility, benefit coverage at the time of the services are provided and any pre-existing condition exclusions.
