

2024 Pediatric Dental Coverage Requirement

As part of the Affordable Care Act's (ACA) Essential Health Benefits provision, pediatric dental coverage is an Essential Health Benefit. According to the current interpretation of the federal laws and regulations by the New York State Department of Financial Services, individuals who obtain medical insurance directly from an insurance carrier (meaning outside of the New York State of Health (NYSOH) marketplace) must also obtain ACA-compliant pediatric dental coverage.

Independent Health's medical products outside of the NYSOH marketplace do not include pediatric dental coverage as part of the medical plan. If one or more people seeking medical coverage are under the age of 19, then you will need to purchase this pediatric dental coverage **before you submit your** Independent Health enrollment application for medical coverage. The medical enrollment application contains an attestation for you to indicate your pediatric dental carrier for 2024, you must indicate "yes" you have obtained pediatric dental coverage and write in the name of your pediatric dental carrier on your enrollment application if you are seeking medical coverage for anyone that will be under the age of 19 as of the effective date of medical coverage.

We will be unable to process your medical enrollment application form if the application includes anyone under the age of 19 as of the effective date of the medical policy, unless:

- **you indicate on the form that you have obtained this required pediatric dental coverage; and**
- **you include the name of your pediatric dental carrier.**

Independent Health is offering pediatric dental coverage through Delta Dental of New York. This dental plan, named *Delta Dental PPOsm Pediatric Basic Plan*, provides comprehensive pediatric dental benefits that comply with the ACA requirements at an affordable monthly premium.

You are free to choose an ACA-compliant pediatric dental plan offered through another dental carrier certified by the New York State of Health. However, we have included information about the Delta Dental PPO pediatric dental plan for your consideration. For additional coverage details, please refer to the enclosed pediatric dental summary.

Please also note that Independent Health's medical plan and Delta Dental's pediatric dental plan have separate member liabilities, such as deductibles, copayments, coinsurance and out-of-pocket maximums.

The 2024 monthly premium for the Delta Dental PPOsm Pediatric Basic Plan for Children plan is \$16.77 per person under the age of 19, up to a maximum of \$50.31 per family per month as shown below.

# of People Under Age 19	Monthly Rate

Enjoy peace of mind with a Delta Dental PPO plan to help you stay healthy and avoid costly care.
