VALUE-ADDED BENEFITS

With Independent Health, we're not just here for you when you need health care services. We support your health through a more integrated approach. A wide range of value-added benefits help you get and stay healthy, while helping to keep you informed and active.

GETTING STARTED WITH INDEPENDENT HEALTH

As a member of Independent Health, here are three things you should do right away to make the most of your health plan, and your health:

1. Download MyIH

Create and access your account through the free MyIH mobile app or online through the website. Join nearly 60,000 members who have downloaded the MyIH app, and access your plan benefits*, review recent claims, track your deductible,** find a doctor or search nearby urgent care locations and hospitals, view your ID card, review the most current drug formulary and more.

Your online account also provides easy access to healthy living apps like Brook, Foodsmart™ and FitWorks®. If you have a question, the MyIH app lets you chat one-on-one with a LIVE RedShirt – not a chatbot!

Visit independenthealth.com/MyIH or scan here to download MyIH.

2. Choose Your Wellness Benefit*

Your plan offers the choice between two unique benefits: nutrition benefit or Health ExtrasSM benefit. If eligible, you will be prompted to make this selection upon creating an online account or at the start of a new plan year. Learn more about how these benefits work at independenthealth.com/nutrition and independenthealth.com/healthextras.

3. Schedule an Annual Visit with Your PCP

It's important to choose a primary care physician (PCP) to coordinate your care and serve as the central source for information and guidance on all matters of your health and well-being. If you don't have a PCP, we can help find the right one for you. Visit independenthealth.com/findadoctor to search for physicians and other providers. Remember, annual checkups are **FREE!**

* Benefits vary by plan.

** The tracker applies to your in-network deductibles and reflects claims that have been submitted by your provider(s) and processed by Independent Health.

CHOOSING YOUR WELLNESS BENEFIT

Your plan offers the choice between two unique benefit options*:

Independent Health's Nutrition Benefit

Earn up to \$500 as an individual or \$1,000 as a family each year for buying fresh fruits and vegetables at TOPS Friendly Markets.

HOW IT WORKS:

- Once registered, we will contact you within 10 business days to confirm if your enrollment was successful or if we need more information.
- For every \$2 you spend on fresh produce, you'll receive a \$1 credit toward a quarterly Nutrition Rewards card**. Be sure to present your TOPS BonusPlus® or BonusCard with every purchase.
- Your rewards card can be used on future in-store grocery purchases at TOPS (excluding tobacco products).
- Nutrition Rewards cards are mailed quarterly.
- Log in to your Independent Health account to track your rewards. Your cumulative earned rewards will also be displayed at the bottom of your TOPS receipt, online at TopsMarkets.com or through the BonusPlus® app for your smartphone.

INTEGRATED HEALTH SAVINGS ACCOUNT (HSA) ELIGIBILITY FORM

By enrolling in an Independent Health high-deductible health plan, you may be eligible to enroll in a Health Savings Account (HSA)* with HealthEquity®, the custodian that manages HSAs on behalf of Independent Health.

What is an HSA?

An HSA is a tax-advantaged account for individuals covered by a qualified high-deductible health plan. Funds in an HSA can be used to pay for qualified medical and prescription expenses. Any unused dollars grow tax-free and carry over year-to-year, even if you change health plans, retire or leave your employer. Unused dollars also earn interest and can be invested in the investment funds available through HealthEquity.

Eligibility requirements

To be eligible for an HSA, you must be covered by an Independent Health HSA-qualified high-deductible health plan and you must answer “No” to all the questions below. If you answer “YES” to any of the questions, you are not eligible for an HSA.

- Do you have other health insurance coverage including a spouse’s health plan (does not apply to specific injury, accident, disability, dental, vision or long-term care coverage)?
- Are you enrolled in Medicare?
- Are you claimed as a dependent on someone else’s tax return?
- Are you or your spouse enrolled in a Flexible Spending Account (FSA) or Health Reimbursement Account (HRA) to help pay for your medical expenses (not including FSAs or HRAs for dental, vision or preventive care, or for expenses after the plan deductible has been met)?

By signing below, I verify that to the best of my knowledge I am eligible for a Health Savings Account and understand this form is being used by Independent Health to enroll me in a Health Savings Account (HSA) through HealthEquity. You may experience adverse tax consequences if you are not eligible for a Health Savings Account. Independent Health is not responsible for any tax consequences. If you have any concerns, please consult with your financial or tax advisor.

Please return this form with your Independent Health enrollment application to your employer.

GETTING CARE

Peace of mind comes from knowing your needs are covered, no matter the situation. When you or your family needs care, it's a comfort to know you have a variety of options. Which one you choose can depend on the type of care you need, the availability of the service or the cost. Here are some of the ways our members can find access to care.

FIND A DOCTOR

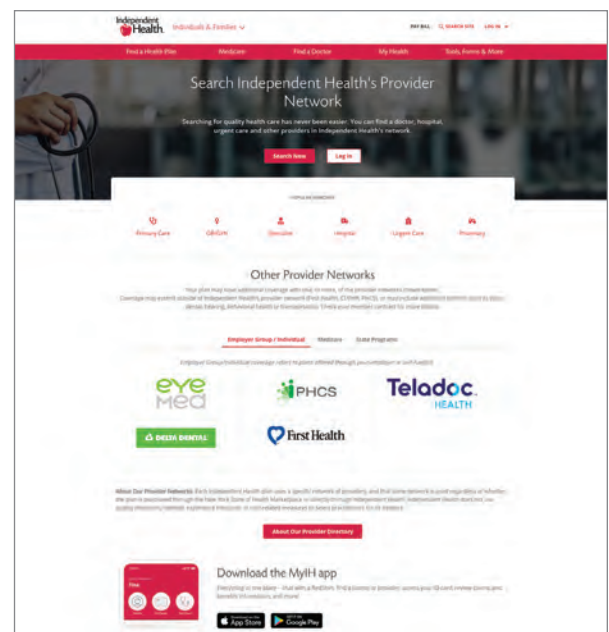

At Independent Health, we make it easy for you to find a health care provider who participates in our network. Our **Find a Doctor** tool can help you search for doctors, specialists, hospitals, urgent care centers and much more. It's another way we're here to help you get and stay healthy.

HOW IT WORKS

1. Visit independenthealth.com/findadoctor
2. Click the "Search Now" button to launch the Find a Doctor tool.
3. Select the Independent Health plan you would like to use for your search. Enter the plan name or select one from the list. Confirm your selection, and you're ready to search.
4. Select a category to search by, or Search All.
5. Click on the provider to view their location, or locations.

Before Your Appointment

Independent Health's online provider directory is updated regularly. Make sure your provider participates in our network prior to each visit so the services you receive are covered under your plan. Also, be sure to follow any preauthorization or precertification procedures required by your plan.

You can also search other provider networks outside Independent Health's network:

To search for a participating provider, facility or pharmacy, visit independenthealth.com/findadoctor.

ACCESS TO THE RIGHT CARE AT THE RIGHT TIME

Start With Your Doctor

When you or a family member are not feeling well or have a medical need, your first contact should be your Primary Care Physician (PCP) or pediatrician. Your primary doctor will help guide you to the appropriate care, be it in their office, a telemedicine consultation or direct you to the nearest facility for more urgent or emergency care.

URGENT CARE

A Better Alternative to the ER

If you need immediate care for non-life-threatening injuries and illnesses (such as sprains, cuts and infections) or your doctor directs you, urgent care can be a quicker and more cost-effective alternative to the emergency room.

Independent Health’s network also includes **specialized urgent care centers** that provide pediatric, orthopedic/sports medicine and 24-hour services.

Understand Your Options to Save Time and Money

When you can’t reach your primary care physician, you have other options to seek the answers or appropriate care you need. Depending on your health plan, out-of-pocket costs may differ for each service.

Cost Consideration	Service
FREE	24-Hour Medical Help Line
\$	Telemedicine
\$\$	Urgent Care Center
\$\$\$	Emergency Room (ER)

WORLDWIDE EMERGENCY CARE

You have the peace of mind of knowing that in the event of an emergency you are always covered, no matter where you are in the world (subject to your applicable member liability). Keep in mind ER visits can be costly and time consuming, therefore chronic or less severe issues should be handled by your primary care physician (PCP) whenever possible.

TELEMEDICINE

Now more than ever, many doctors, providers and members are taking advantage of virtual appointments and new ways to connect through technology. If you can't reach your primary care physician, our telemedicine benefit provided through Teladoc® conveniently puts you in touch by phone, mobile app or online video with a U.S. board-certified doctor anytime, anywhere.

Teladoc helps you and your family feel better, faster:

- Includes board-certified pediatricians able to treat children age 0-17
- Average callback time for a general medical consult is 10 minutes
- Prescriptions (if needed) can be sent to a pharmacy of your choice

Discuss common medical issues, such as cold and flu symptoms, bronchitis, allergies, pink eye, sinus problems and more — including behavioral health, mental health and dermatology services. Check your member plan documents for your applicable member cost share.*

 To learn more or to download the free app, visit independenthealth.com/telemedicine.

* Teladoc does not replace the primary care physician. Teladoc does not guarantee that a prescription will be written. Teladoc operates subject to state regulation and may not be available in certain states. Teladoc does not prescribe DEA controlled substances, non-therapeutic drugs and certain other drugs which may be harmful because of their potential for abuse. Teladoc phone consultations are available 24 hours, 7 days a week while video consultations are available during the hours of 7 a.m. to 9 p.m., 7 days a week. Benefits vary by plan. Excludes Medicare Advantage plans. Check your benefit plan documents for your applicable member cost share and other information associated with the telemedicine benefit. All rights reserved. Teladoc and the Teladoc logo are registered trademarks of Teladoc, Inc. and may not be used without written permission.

24-HOUR MEDICAL HELP LINE

When you can't reach your doctor or your health care center is closed, you can speak to an experienced registered nurse 24 hours a day, 7 days a week.

Call 1-800-501-3439 and ask for the 24-Hour Medical Help Line.* During normal business hours, your call will first be answered by an Independent Health Customer Service Representative.

- Information about heart disease, asthma or diabetes
- Details about common surgeries
- Advice on how to treat a child's fever or minor injury
- Medicine interactions and side effects

The nurse may suggest you contact your doctor so you can be seen the following day. Remember, it's important to keep your primary care physician up to date on all matters of your health.

\$0 PREVENTIVE DRUGS

Controlling costs is important to all of us. To help manage your pharmacy costs, Independent Health has developed a list of preventive drug medications for chronic conditions which are at no cost to you. This means members can receive these important medications from day one of their plan year and no longer have to pay either the full cost of the prescription while still in the deductible phase of their coverage or the applicable tier copay.

While this benefit applies to most plans, you should check your summary of benefits for your specific plan details. You can do so by logging in to your online member account using our mobile app, **MyIH**, or through our website at **independenthealth.com**.

Please note that this is not a complete listing. With more than 300 medications on our preventive formulary list, below is just a small sample of medications in each category. For additional information on a particular drug, use our **Compare Rx Costs** tool by logging in to your account or call Member Services at (716) 631-8701 or 1-800-501-3439 (TTY: 711).

PRIVACY AND CONFIDENTIALITY, DRUG FORMULARY AND QUALITY MANAGEMENT

Privacy and Confidentiality

Upon joining Independent Health, a member contract and/or amendments are sent to you each year. This information outlines the rights, responsibilities and benefits you have as a member. As new and potential laws regarding protecting the privacy and confidentiality of health information are reviewed in the state and federal government, it is important for you to know that Independent Health is committed to maintaining the confidentiality of your health information.

- When you, as a subscriber, enroll with Independent Health, you give a general consent for your own medical records and those of your family members to be accessed by Independent Health as provided under the terms of your member contract.
- Independent Health's contracts with participating providers reinforce your right under New York state law to access your own medical records although your provider may charge a per page copying fee.
- You have the right to the protection of privacy of your health information in all settings, including privacy and confidentiality of all records pertaining to treatment unless otherwise provided by law or by your member contract.
- All member information and records used for purposes of preparing, compiling, or analyzing Independent Health measurement data shall be kept confidential. All member-specific information shall be removed from such measurement data prior release, except in circumstances when state or federal regulatory agencies request "patient level" data as allowed by law.
- Except under the terms of the member contract or as provided by law, Independent Health will not release a member's identifiable medical records to any third party, including the member's fully insured employer, without receiving a signed special release from the member.

Drug Formulary

The Individual Practice Association of Western New York, Inc. (IPA/WNY), the physician group that provides care for Independent Health members, has developed and maintained a therapeutic drug formulary since 1992. A drug formulary is a list of the most appropriate and cost-effective medications from which participating physicians prescribe. When physicians write a prescription for Independent Health members who have a prescription drug rider, they consult the formulary and select the needed medication.

 To view the most up-to-date drug formularies, please visit independenthealth.com/formulary.

Quality Management

Independent Health provides a comprehensive quality management (QM) program in an effort to implement programs to ensure quality clinical care, clinical service and HMO service. The QM program is devised to evaluate the quality of care and services provided to Independent Health members, and identify opportunities for continuous improvement.

If you have any questions or would like a copy of our Privacy and Confidentiality notice, Drug Formulary or Quality Management program, please call our sales department at (716) 631-5392 or 1-800-453-1910.

- Pay your copayment for your medication.
- Refill your prescriptions online, by phone or through the mail.

To learn more, access links and download mail order forms, please visit independenthealth.com/individuals-and-families/tools-forms-and-more/drugs-covered/mail-order.
