

---

**THE EASY ALTERNATIVE FOR**  
Health Savings Accounts (HSA)

---

**We've closed the gap  
between your HSA  
and your health plan.**

Independent Health now partners with HealthEquity.  
The leading WNY health plan with the nation's leading HSA administrator.

## NEW PRODUCT OFFERING:

### A powerful new way to integrate your HSA with your health plan.

Help your employees enjoy all the pre-tax benefits of paying for health care expenses through Independent Health's new Health Savings Account (HSA) offering. By partnering with HealthEquity, the best-in-class HSA administrator, we've made it easier for employers and employees alike by providing a solution that closes the gap between your health plan and your HSA.

#### Easier for Employers

- **One point of contact to assist with medical and savings accounts.**
  - Onboarding support, education and resources through on-site meetings and materials.
- **Automated and integrated HSA eligibility, enrollment and claims.**
  - The only WNY plan offering with integrated claims and health plan data.
- **Employer reporting provides greater data intelligence.**
  - Clear visibility into employee usage to guide strategic plan decisions.
- **Help employees fund their health care expenses – now and in the future.**
- **FICA tax savings.**
  - Savings for you and your employees.

#### Easier for Employees

- **Easy** account setup, administration and ongoing support.
- **View account balances and claims data** via Single-Sign-On (SSO).
- **Move funds easily** – direct payment to providers or deposits to personal bank account.
- **Digital receipt archive** stores everything securely in one place – instead of a shoebox.
- **HealthEquity Member Services** available 24 hours a day, 7 days a week.
- **Tax-free way to pay** for current and future health care expenses.
- **Financial peace of mind** to complement the security of their health plan.
