Data last updated 04/23/2023

Independent Health's Physician Listing

This Physician/Provider listing provides the names and locations of participating providers and specialists located throughout Allegany, Cattaraugus, Chautauqua, Erie, Genesee, Niagara, Orleans and Wyoming counties. Each section is listed in alphabetical order to assist you in your search. Provider numbers have also been listed below each of the physician names in case this information is requested by the provider office you are visiting. For more information, call (716) 631-8701 or 1-800-501-3439.

Independent Health makes every attempt to provide you with as accurate a listing of participating providers as possible; however, the list of participating providers can change on a daily basis. Physicians and providers who are NOT listed here may have joined the plan since the printing of this listing. Also, physicians and providers who are listed here may have discontinued their participation in the plan since this listing was updated (noted by the date in the footer at the bottom of each page).

Physicians and providers may discontinue participating in the plan at any time due to relocation, retirement, death or other reasons. Therefore, the physicians and providers who are participating with Independent Health when you join may not always be participating in the plan.

Other Independent Health participating providers (i.e., podiatrists, nurse midwife, durable medical equipment, etc.) are found in the Independent Health Participating Physician/Provider Directory.

Participating Primary Care/In-Network Physicians

When enrolling with Independent Health, each member of your family (mother, father and children) must choose a primary care physician from this list to receive in-network physician care.

Important information: *Passport Plan, Passport Plan Select, Easy Access, Encompass Essential Plus, Traditional, NY/PA, Max, Evolve, Encompass Essential Plus E, some iDirect and some self-funded plan members are NOT required to choose a primary care physician (PCP). Although choosing a PCP is not required, Independent Health highly recommends doing so, as having a PCP allows for more efficient care management and coordination. If you do not choose a PCP, use this list to help you select an in-network participating physician. Using an in-network physician or provider will help to ensure lower out-of-pocket costs. Please note: While you may have the option in some plans to use non-participating physicians, reimbursement for services could be significantly lower than with an in-network physician or provider.*

No Referrals

Independent Health offers a wide choice of participating specialists. While maintaining a relationship with your PCP is in your best interest to understand and maintain the health of you and your family, you no longer need to get a referral or worry that the referral you have is still valid.

Just contact the specialist's office to schedule an appointment. Then, at the time of the visit, present your member ID card. You are responsible for the appropriate copay as described in your Contract or Summary of Benefits.

If you have any questions about the plan being offered to you by your employer – including referrals – check with your benefits administrator, or call Member Services at (716) 631-8701 or 1-800-501-3439. If you do not find your physician listed and would like to see if he or she has recently joined Independent Health; if you have questions about the status of a physician; or if you would like to learn the hospital affiliations of a participating physician, call the physician's office or Independent Health at (716) 631-8701 or 1-800-501-3439.

Contact Us

For all questions or more information, call (716) 631-8701 or 1-800-501-3439.
