Eligible Health Care Reimbursement Expenses

Eligible expenses* typically include medical, dental and vision expenses for services incurred during the plan year for the diagnosis, treatment or prevention of disease. Also included are out-of-pocket costs beyond what your health plan has paid for a service, such as copays. Eligible expenses are determined by the IRS. Services performed solely for cosmetic reasons or items for general health and personal use (such as cosmetics and vitamins) are not eligible.

Visit novahealthcare.com/eligibilitylist for a full list of eligible items.

- Transplant
- Transportation
- Vaccine
- Vasectomy
- Vision care
- Wheelchair
- X-rays

Under the Affordable Care Act, over-the-counter (OTC) medicines (specifically those with an active medical ingredient) require a physician's prescription to be eligible for reimbursement through flexible spending accounts (FSAs), health savings accounts (HSAs) and health reimbursement arrangements (HRAs). Insulin is the only exception to this provision and can be reimbursed without a prescription. OTC items for medical care that are not drugs or medicine are still reimbursable through a FSA, HSA or HRA without a physician's prescription.

Examples of items that **DO** require a doctor's prescription:

- Acne treatments
- Allergy and sinus medicine
- Anti-itch treatments
- Baby rash ointment/cream
- Cough, cold and flu remedies
- Laxatives
- Nicotine gum and patches
- Sleep aids
- Stomach and digestive aids
- Wart removers

Examples of items that **DO NOT** require a prescription for:

- Bandages
- Blood glucose monitors and test strips
- Blood pressure monitors
- Contact lens solution
- Eye glass and lens accessories
- Orthopedic support
- Pregnancy and fertility tests
- Sunscreen, broad spectrum
- Sunscreen protection lip balm
- Wheelchairs and accessories

Eligible Expenses Made Easy
