All in-network Preauthorization requests are the responsibility of Your Participating Provider. You will not be penalized for a Participating Provider's failure to obtain a required Preauthorization. However, if services are not Covered under the Contract, You will be responsible for the full cost of the services.

Eligible American Indians/Alaska Natives, as determined by NYSOH, are exempt from Cost Sharing requirements, including when Covered Services are rendered by an Indian Health Service, Indian Tribe, Tribal Organization or Urban Indian Organization, or through a Referral under the Purchased/Referred Care (PRC) program, formerly known as the Contract Health Services (CHS).

Contact Us at the number on Your ID card for information on Your financial responsibility when You receive Covered Services with a primary diagnosis of mental health or substance use disorder.

1. Under state law and the federal Mental Health Parity and Addiction Equity Act of 2008 (MHPAEA), the financial requirements (deductibles, copayments, coinsurance, and out-of-pocket expenses) and treatment limitations applicable to the mental health or substance use disorder benefits must be no more restrictive than the predominant financial requirements and treatment limitations applied to substantially all medical and surgical benefits covered by the plan. Further, if the health plan provides coverage for out-of-network services, then it also must provide coverage for out-of-network services for the treatment of mental health conditions and substance use disorders consistent with the MHPAEA.
2. Cost-sharing for services delivered using telehealth shall be at least as favorable to the insured as cost-sharing for the same service when not delivered via telehealth, pursuant to Insurance Law §§ 3217-h(a), 4306-g(a), and Public Health Law § 4406-g(1).
3. Plans have the flexibility to decide when a referral is required on a gated product.
4. The cost-sharing for emergency services in a hospital must be the same for in-network and out-of-network services.
5. The cost-sharing for ABA treatment and assistive communication devices must be the PCP copayment.
6. Upon federal approval, starting in 2025, NY State of Health will cover the in-network cost-sharing such as copayments and coinsurance for Essential Plan enrollees who have a primary diagnosis of diabetes. Additional information regarding the 2025 Diabetes Initiative can be found here - <https://info.nystateofhealth.ny.gov/sites/default/files/Attachment%20U%20-%20Revised%20071124%202025%20Cost%20Sharing%20Reduction%20Initiatives.pdf>

7. Abortion services may not be subject to a copayment or coinsurance.
8. Effective June 1, 2021 there shall be no cost-sharing obligations for enrollees for covered dental and vision services.
9. Effective April 1, 2024, there shall be no cost-sharing obligations for enrollees who become pregnant while having coverage in any Essential Plan. 10. Insurance Law §§ 3216(i)(31-b), 3221(l)(7-b), and 4303(l-2) provide that every policy that provides coverage for treatment at an opioid treatment program shall not impose a copayment or coinsurance during the course of treatment on an insured for such treatment. “Opioid treatment program” means a program or practitioner engaged in opioid treatment of individuals with an opioid agonist treatment medication.
11. Insurance Law §§ 3216(i)(39), 3221(k)(23), and 4303(vv) provide that cost-sharing for epinephrine auto-injector devices may not be subject to more than \$100 in cost-sharing annually.
