April 1–September 30: Monday–Friday, 8 a.m.–8 p.m.

Independent Health makes every attempt to provide you with as accurate a listing of participating providers as possible; however, the list of participating providers can change on a daily basis. Physicians and providers who are NOT listed here may have joined the plan since the finalization of this listing. Also, physicians and providers who are listed here may have discontinued participation in the plan since the printing of this listing. For a current list of new providers and providers who have left our network, please refer to the addendum included with this directory.

Physicians and providers may discontinue participating in the plan at any time due to relocation, retirement, death or other reasons. Therefore, the physicians and providers who are participating with Independent Health when you join may not always be participating in the plan.

## SECTION 1: INTRODUCTION

This directory provides a list of Independent Health's network providers. To get detailed information about your health care coverage and/or a complete description of your prescription coverage (if applicable), including how to fill your prescriptions, please see your Evidence of Coverage, Independent Health's Pharmacy Directory and Independent Health's formulary.

**HMO, HMO-POS, Independent Health's Medicare Family Choice® HMO I-SNP and Individual PPO plans:** Members must reside in the eight counties of Western New York, which are Allegany, Cattaraugus, Chautauqua, Erie, Genesee, Niagara, Orleans and Wyoming.

**Independent Health's Assure Advantage® HMO C-SNP:** Members must reside in Erie County.

The network providers listed in this directory have agreed to provide you with your health care services. You may go to any of our network providers listed in this directory. Independent Health's Medicare PPO Advantage Plan has a sub-network of providers that are considered "In-Network". PPO members who see doctors listed in this directory that are not "In-Network" with the PPO Advantage network may incur a higher cost share for provided services. A full description for how to identify these providers can be found under "Out-of-Area Providers".

### Choosing a Primary Care Physician

**For all plans,** you will have to choose one of our network providers listed in this directory to be your Primary Care Physician (PCP). The term "PCP" will be used throughout this directory. Generally, you must get your health care services from your PCP.

A PCP is a physician who meets state requirements and is trained to give you basic medical care. Should you decide to seek care from a PCP who specializes solely in internal medicine, general practice, family practice, pediatrics, obstetrics/gynecology or geriatrics, you may get your routine or basic care from a PCP for a lower copayment. **If your PCP (or a covering physician that your PCP asks you to see in his or her absence) has a secondary specialty other than internal medicine, general practice, family practice, pediatrics, obstetrics/gynecology or geriatrics,** you will be required to pay the specialist copayment associated with this physician visit.

Each member of **Independent Health's Medicare Family Choice® HMO I-SNP** plan must choose his or her own Family Choice network PCP to provide and coordinate their care in an assisted living or nursing facility in collaboration with the Family Choice nurse practitioner or physician assistant (this is usually done at the time when you choose to reside in a network skilled nursing facility or assisted living facility). You should receive services from network providers only (providers coded with [SNP] following their names), except for emergencies or urgently-needed care and renal dialysis. This includes outpatient hospital services, radiology, and laboratory work. Services rendered by non-network providers, except for emergencies or urgently-needed care and out-of-area renal dialysis, are not eligible for coverage unless advance written authorization is given by the plan medical director.

Eligibility for **Independent Health’s Medicare Family Choice® HMO I-SNP** is available to all Medicare beneficiaries who are entitled to Medicare Part A and enrolled in Part B. Members must qualify for an institutional level of care as defined by the state of New York and/or permanently reside in a participating assisted living or nursing facility and not live outside the affiliated facility for more than 30 days. A list of participating facilities can be found at the end of this introduction.

Eligibility for **Independent Health’s Assure Advantage® HMO C-SNP**:

To join Independent Health’s Assure Advantage® HMO C-SNP you must be entitled to Medicare Part A and enrolled in Medicare Part B. Members must also be diagnosed with a chronic heart failure condition.

**What is the service area for Independent Health?**

Service area residency requirements:

- PPO Plans: Group PPO members must reside in New York state.
- All HMO, HMO-POS, HMO I-SNP and Individual PPO plans: Members must reside in the eight counties of Western New York, which are Allegany, Cattaraugus, Chautauqua, Erie, Genesee, Niagara, Orleans and Wyoming.
- HMO C-SNP members must reside in Erie County.

**How do you find Independent Health providers in your area?**

The providers in this directory are arranged by county so you can easily find a provider close to where you live. This book lists Independent Health’s network providers in the eight counties of Western New York. Refer to the legend designations on the cover of this directory to find the abbreviation for your plan name. Then, look for the symbol in the two columns to the right of each provider’s name, which indicates the providers that are participating with each plan.

**If you have questions about Independent Health, or require assistance in selecting a PCP, please call our Member Services Department (see phone numbers on the inside front cover) or visit [independenthealth.com](https://independenthealth.com) to use our “Find a Doctor” tool for the most up-to-date information.**

**Appointment Wait Time Standards**

Independent Health follows the appointment wait time standards set by CMS for visits to Primary Care and Behavioral Health Providers.

- Urgently needed services or emergency – immediately
- Services that are not emergency or urgently needed, but still require medical attention – within 24 hours of your call to your PCP based on symptoms and availability; within one week of your call to your BH specialist
- Routine and preventive care – within 30 business days

## **Out-of-Area Providers**

### **Getting care when traveling or away from the plan's service area**

#### **HMO and HMO-SNP plans**

If you need care when you are outside the service area, your coverage is limited. We will only pay for emergency care, urgently-needed care and out-of-area dialysis.

#### **HMO-POS plans**

When you are outside of Independent Health's service area, we will pay for emergency care, urgently-needed care, and out-of-area dialysis as an in-network benefit. For other out-of-network care, you must use your out-of-network benefit as stated in your Evidence of Coverage.

Remember, you can get care from non-network providers. However, if you use non-network providers for care that is not emergency care or urgently-needed care, you will have to pay more. You will have to pay all out-of-pocket costs, such as coinsurance and copayments.

#### **PPO plans (Individual PPO Plan and Employer-Sponsored PPO plans)**

All Independent Health PPO Medicare Advantage plans include access to out-of-state providers through our partnership with the national MultiPlan Medicare Advantage Network. At these providers, your plan works the same as in-network, giving you the same great coverage on benefits and services when you travel outside of Independent Health's service area.

Go to [www.IndependentHealth.com/Medicare](http://www.IndependentHealth.com/Medicare) before your visit to make sure the provider is in the MultiPlan Medicare Advantage Network or call Member Services. If you choose not to see a MultiPlan Medicare Advantage Network provider you will have to pay your out-of-network cost share, which may be higher.

Furthermore, emergency care, urgently-needed care and out-of-area dialysis will be covered as an in-network benefit at any provider that accepts Medicare.

Out-of-network/non-contracted providers are under no obligation to treat Independent Health members, except in emergencies. For a decision about whether we will cover an out-of-network service, we encourage you or your provider to ask us for a pre-service organization determination before you receive the service. Please call our Member Services Department (phone number is on the back cover of this directory). You may also refer to your Evidence of Coverage (EOC) for more information, including the cost sharing that applies to out-of-network services.

### **Independent Health's Medicare Passport® Advantage PPO (Individual plan only)**

Independent Health's Medicare Passport Advantage PPO plan uses providers designated as "In-Network" or "Out-of-Network" for 2024. All providers listed in the Physician/Provider Directory participate with Independent Health, however your cost share will be different for providers depending on whether they are "in-network" or "out-of-network" in 2024 for this plan. Note that providers may have changed status from 2023 to 2024.

The Physician/Provider Directory contains a listing of all providers in the eight counties of Western New York who fully participate with Independent Health. These providers are categorized as either "In-Network" or "Out-of-Network" for Independent Health's Medicare Passport Advantage PPO plan. While both "In-Network" and "Out-of-Network" providers listed in the directory are considered "participating" with Independent Health, you will pay less for in-network providers in this plan.

If you choose a provider or facility that is marked "in-network", you will pay a lower cost share. In-network providers for this plan are listed in this directory under the column "PPO". The symbol "I" next to a provider's name indicates the provider is participating in-network. The symbol "O" next to a provider's name indicates the provider is an out-of-network provider for the Medicare Passport Advantage PPO individual plan only. If you choose a provider or facility that is marked "out-of-network," you will pay a higher cost share. Refer to your Evidence of Coverage for the copayments and coinsurance for in-network and out-of-network providers. Some providers have additional hospital coverage arrangements. Check with your provider prior to scheduling your hospital admission.

You can also seek care from any out-of-network provider who participates with Medicare. These providers are not listed in the directory. You will pay a higher cost sharing for out-of-network providers. It is recommended, but not required, to get authorization from Independent Health prior to receiving out of network benefits.

The most up-to-date directory is on our website under the "Find a Doctor" search tool ([www.independenthealth.com/IndividualsFamilies/FindADoctor](http://www.independenthealth.com/IndividualsFamilies/FindADoctor)). You can also ask Member Services to assist you or send you a Provider Directory. (See phone number on back cover of Directory)

## **Out-of-Network Options**

### **For Independent Health's HMO-POS plans and PPO plans only:**

If you get a health care service from a network provider, this is known as an "in-network service." A health care service you get from a non-participating/non-network provider is known as an "out-of-network" service. (In the PPO Advantage plan there are also participating/network providers who are also known as "out-of-network". See box on previous page.)

For emergency care prior to being stabilized and urgently needed care, your out-of-pocket costs will be the same both in- and out-of-network. For cost-sharing information, see your Evidence of Coverage.

You do not need to get prior authorization when you get out-of-network care from non-network providers. It is recommended, but not required, to contact us to see if the services you are getting are covered by your plan and are medically necessary. This is known as a coverage determination. For more information, see your Evidence of Coverage.

### **Referrals/Prior Authorizations**

The "network providers" listed in this directory have agreed to provide you with your health care services. You may go to any of our network providers listed in this directory. If you have been going to one network provider, you are not required to continue to go to that same provider. In some cases, you may get covered services from non-network providers.

Most of our plans **do not** require referrals. In some cases, a prior authorization may be required. When you are going to obtain services requiring prior authorization from a network provider, the provider is responsible to obtain prior authorization from Independent Health before treatment.

**HMO members** must use in-network plan providers except in emergency or urgent care situations, including hospital care after you are stable ("post-stabilization"), renal dialysis (kidney) and any services which were ordered covered through an appeals process. If you obtain routine care from out-of-network providers neither Medicare nor Independent Health will be responsible for the costs; you will be responsible for the costs.

**Independent Health's Medicare Family Choice® HMO I-SNP** members will be given PCP or nurse practitioner approval in advance before you use other providers in the plan's network, such as specialists. This is called a "referral."

## **CLAIMS**

### **In-Network Claims**

With Independent Health, there are no claim forms for you to file for services provided within the network. Physicians and providers will send their bills directly to Independent Health.

### **Out-of-Network Provider Claims**

If you receive a bill for services from any health care provider whom you have been authorized to use, please do not ignore it. Simply make a copy of it for your records, put your Independent Health ID number on the bill, and mail it to:

Independent Health  
P.O. Box 9066  
Buffalo, NY 14231-9066

The claim you submitted will be processed based on your coverage. You must submit a claim form for all Medicare-covered non-network provider services to Independent Health. The claim form must be submitted within ninety (90) days after the date you received medically necessary health care services.

### **HMO-POS and PPO plans**

If a non-participating/non-network provider asks you to pay for covered services, contact us. You should never pay any provider more than what is allowed by Medicare. The non-network provider has a right to get his/her fees, but does not have a right to get them from you.

Ask the non-participating/non-network provider to bill us first. If you have already paid for the covered services, we will reimburse you for our share of the cost. If you get a bill for the services, you can send the bill to us for payment. We will pay your non-participating/non-network provider for our share of the bill and will let you know what, if anything, you must pay.

If the non-participating/non-network provider issuing this bill accepts Medicare assignment (agrees to participate in the Medicare program, which you may want to verify prior to receiving services), they must accept our payment – less any applicable copayment – as payment in full. You would have no responsibility to pay any remaining balance. However, if a provider has chosen to “opt-out” of the Medicare program, Independent Health does not cover items or services provided or medications prescribed by that individual and no Medicare payment can be made to that physician, practitioner, or member directly or on a capitated basis. If you chose to see a physician or practitioner who has opted out of the Medicare program, you must enter into a private contract with the provider. Finally, the entire balance could be your responsibility should the service provided not be a covered benefit under your Evidence of Coverage.

## **EMERGENCY/URGENT CARE WORLDWIDE**

Our plans cover emergency/urgent care services worldwide, but do not cover routine care outside of the United States.

**Emergency care** can always be obtained in or out of the service area from the nearest available provider. In an emergency, you can get care immediately. You do not have to contact your PCP or get prior authorization. You can dial 911 for immediate help by phone, or go directly to the nearest urgent care center or hospital.

However, you or someone else should contact your PCP or doctor about your emergency as soon as possible. This is important so that your PCP or doctor can provide follow-up care.

**HMO, HMO-POS and HMO-SNP plans:** When in the service area, you must use plan providers for urgent care. When out of the service area, urgent care may be obtained at urgent care centers or walk-in clinics. In addition, when out of the service area, you can obtain dialysis treatment from any qualified dialysis provider that accepts Medicare. If you need to talk with your doctor or get medical care when the PCP or doctor's office is closed, and it is not a medical emergency, call **Independent Health's 24-Hour Medical Help Line at 1-888-878-9174**. The 24-Hour Medical Help Line provides a staff of professional registered nurses who are available to answer and respond to your questions based upon your symptoms 24 hours a day, 7 days a week. Independent Health's 24-Hour Medical Help Line should not be used for diagnosis or a substitute for a physician.

**HMO and HMO-SNP plans:** If you obtain routine care from out-of-network providers, neither Medicare nor Independent Health will be responsible for the costs.

### **What is the difference between a "medical emergency" and "urgently-needed care"?**

The difference between emergency and urgently-needed care is in the seriousness of the condition. A medical emergency is when you believe your health is in serious danger, when every second counts. You may have a bad injury, sudden illness, or an illness quickly getting much worse. Urgently-needed care is care that you get for a sudden illness or injury that needs medical care right away, but is not life threatening. Your PCP can provide urgently-needed care. If you are out of your plan's service area for a short time and can't wait until you return to the service area, or when network providers are unavailable, Independent Health will pay for urgently-needed care from any qualified provider.

If you have a sudden illness or injury that is not a medical emergency, and you are in the plan's service area, please call your doctor or **Independent Health's 24-Hour Medical Help Line at 1-888-878-9174**. There is always a health professional on call to help you. Keep in mind that if you have an urgent need for care while you are in the plan's service area, you should get this care from network providers. In most cases, we will not pay for urgently-needed care that you get from a non-network provider while you are in the plan's service area.

**Getting urgently-needed care when you are outside the plan's service area but within the United States.**

### **HMO and HMO-SNP plans**

Independent Health covers urgently-needed care that you get from non-network providers when you are outside the plan's service area. If you need urgent care while you are outside the plan's service area, you should call your PCP. If you are treated for an urgent care condition while outside of the service area, we prefer that you return to the service area to get follow-up care through your PCP. However, we will cover follow-up care that you get from non-network providers outside the plan's service area as long as the care you are getting still qualifies as urgently-needed care. We also cover renal dialysis (kidney) services that you get when you are outside the plan's service area.

### **HMO-POS and PPO plans**

If you need urgent care while you are outside the plan's service area, you may seek services at an urgent care center or walk-in clinic. Plan members may choose to notify Independent Health prior to seeking Medicare-covered out-of-network services. Notifying Independent Health in advance will ensure the care you receive out-of-network is covered and medically necessary. You do not need to notify Independent Health in advance for emergencies, urgently-needed care and renal dialysis out-of-network.

## **SUPPLEMENTAL BENEFITS:**

### **Vision Coverage**

If your Independent Health plan offers vision coverage, it is provided by EyeMed Vision Care. For a complete list of providers near you, use the "Provider Locator" for the Insight Network at [www.eyemed.com](http://www.eyemed.com) or call EyeMed's Member Services toll free at 1-877-842-3348, then choose option "1." TTY users call 1-866-308-5375. The service is available Monday-Saturday, 8 a.m.-11 p.m. and Sundays 11 a.m.-8 p.m. EyeMed should only be contacted regarding routine vision questions – not for any medically related eye treatments you would see an ophthalmologist to treat. Providers for medical eye care are listed in this directory.

### **Part D Prescription Drugs**

See Independent Health's Pharmacy Directory and Independent Health's formulary.

### **Dental Coverage**

If your Independent Health plan offers routine or preventive dental coverage, it is provided by LIBERTY Dental Plan. You can find a list of providers by visiting [www.independenthealth.com](http://www.independenthealth.com) or calling **Member Services** (716) 250-4401 or 1-800-665-1502 (TTY: 711), Oct. 1 - Mar. 31: Mon. - Sun., 8 a.m. - 8 p.m.; Apr. 1 - Sept. 30: Mon. - Fri., 8 a.m. - 8 p.m.

### **Optional Supplemental Dental**

If your plan offers optional supplemental comprehensive dental, it is provided through Liberty Dental for an additional monthly premium. For more information, contact Member Services at the number above.

### **Hearing Aid Coverage**

If your plan offers hearing aid coverage, you must see a provider in the Start Hearing, Inc. network.

**Routine Transportation**

If your plan offers non-emergency, routine transportation, it is provided by SafeRide.

**To schedule transportation call 1-855-932-5420** (TTY: 711), Monday–Friday, 8 a.m.–8 p.m.

**Over The Counter Prescription Coverage**

If your plan offers Over The Counter (OTC) prescription coverage, it is provided by NationsBenefits.

To place an order contact 877-270-4239 (TTY: 711) 24 hours a day, seven days a week or visit the website at [www.nationsotc.com/independenthealth](http://www.nationsotc.com/independenthealth).
